

Please find the guidelines for preparing your posters below:

Each oral and poster paper is allocated one virtual poster board at Gather.town. Poster sessions will run for one hour, and include about 18 posters. Poster authors are welcome to distribute additional material to interested attendees at the poster session. Such material can include extended abstracts and whitepapers.

1. Please make sure that the title, all text, and all graphs and charts are easily readable.
2. It is a good idea to sequentially number your materials in the poster. This will indicate to the viewer a logical progression through your poster.
3. Provide an introduction (outline) and a summary or conclusion for your poster.
4. Prepare your poster carefully so that it can be used as the basis to explain and answer questions from the viewers.
